## RAAA Welcomes Aviation Safety Regulatory Review (ASRR) Report

5 June 2014

The RAAA welcomes the release of the Aviation Safety Regulatory Review (ASRR) Report and commends Deputy Prime Minister Truss for delivering on his pre-election promise to put Australia's aviation regulatory system under the microscope.

In general, the RAAA endorses the key aspects of the report and looks forward to seeing them implemented.

"The RAAA will examine the Report in detail and will respond to the Government's invitation to provide feedback by the end of June" said Paul Tyrrell, CEO.

The RAAA has approximately 100 members and is the only organisation representing all sectors associated with regional aviation in Australia. This includes airlines, charter operators, aeromedical operations, airfreight operators, flying schools, airports, maintenance organisations, training organisations, and engine and airframe manufacturers.
